

Project: **1252**

Project title: **Abrupt Climate Shifts and Extremes over Eurasia In Response to Arctic Sea Ice Change (ACE)**

Principal investigator: **Dmitry Sein**

Report period: **2021-11-01 to 2022-10-31**

During reporting period, we worked on model setup and spin-up. 500 years of simulations were performed and presently the model is ready for production runs. Because of some technical problems we were not able to complete all the simulations which were planned for this year and they are postponed for the end of this year and the year 2023
