

CIS is an acronym for C entral I T S ervices, IT beeing short for I nformation T echnology. CIS is a service group central to ZMAW (Z entrum für M arine und A tmosphaerische W issenschaften, a cooperation of ZMK and MPI-M). The group covers all aspects of IT apart from High Performace Computing: the DKRZ takes care of this aspect for the ZMAW institutes.
